

Britannica® IMAGEQUEST™

“...A ten all the way.” – Library Journal

Access nearly 3 million images from more than 50 of the world's best and most respected image libraries- all from one safe site.

Why choose Britannica ImageQuest?

ImageQuest provides a unique collection from trustworthy sources. Students and faculty don't have to waste valuable time combing through numerous websites looking for images. A single annual subscription will provide savings over the purchase of rights for individual images.

Copyright infringement

All of the images on ImageQuest are already rights-cleared for educational use so you don't have to worry about copyright infringement.

Correct citation & reference

Every photo or illustration comes with complete metadata, including the source, the copyright holder, caption and keywords.

The hard work has already been done for you

Britannica has already done the work of finding the best images – and most of them are not freely available on the web!

Education specific

ImageQuest is fast, easy to use and has been uniquely designed to meet the needs of the education community. Every image has been selected for its educational relevance.

Individuality

Students and faculty are able to set up individual logins. This will enable them to save and organise images within their own personal account and then access them from multiple devices.

Best and broadest collection of proprietary educational imagery

Select from over 50 of the world's best image libraries – including collections from Bridgeman Art Library, Dorling Kindersley Images, Getty Images, National Geographic Society, Nature Picture Library, Science Photo Library
